

ERRATA FOR “ROOT NUMBER BIAS FOR NEWFORMS”

KIMBALL MARTIN

Here we correct a mathematical misprint in the published article [Mar23]. This has no effect on the rest of the paper.

Erratum:

- In [Mar23, Theorem 1.2], the definition of δ has a misprint. It should read $\delta = 1$ if $(N_2, k) = (1, 2)$ rather than if $(N, k) = (1, 2)$. This agrees with the more general statement in [Mar23, Proposition 3.2].
